

PRESSEMELDUNG

EP Power Minerals (EPPM) has entered into exclusive negotiations for the planned acquisition of the abrasives activities of SCR-Sibelco.

Dinslaken, 27.05.2022

EPPM has entered into exclusive negotiations for the planned acquisition of SCR-Sibelco's abrasives activities.

The abrasives business has been an important part of EP Power Minerals' business model for many years and under the new ownership of EPH. With the intended acquisition of SCR-Sibelco's abrasives business, EPPM aims to strengthen its position in the abrasives business.

SCR-Sibelco, based in Antwerp, Belgium, has many years of experience in the international abrasives business. In addition to expendable blasting media, Sibelco's product range also includes various recyclable abrasives and special abrasives.

The transaction, which would be expected to close later in 2022 and is subject to information and consultation of Sibelco's employee representative bodies in accordance with applicable laws, would involve four Sibelco facilities and 43 employees.

About Sibelco:

Sibelco is a global leader in material solutions. Sibelco mines, processes and sells specialty industrial minerals – particularly silica, clays, feldspathics and olivine – and is a leader in glass recycling. Sibelco's solutions support the progress of modern life and serve industries as diverse as glass, ceramics, construction, coatings, polymers and water purification. The Sibelco Group has production facilities in more than 30 countries and a team of some 5,000 people.
